

Digital Display

CO910

The American Sensors CO910 monitors and detects carbon monoxide gas. It measures for concentrations of CO and sounds a loud alarm when a potentially harmful level is reached. The unit is complete with digital LED display to confirm levels in the event of an alarm, and is easy to install as it simply plugs into any standard 120 volt wall outlet (requiring no tools or batteries).

FEATURES

- Digital LED display
- Direct plug-in - Locate in any standard 120 Volt AC outlet
- No batteries or replacement sensor required
- Advanced semiconductor sensing technology
- Emergency alarm
- Self diagnosing circuitry
- Instant test/reset feature
- Power and alarm light indicators
- Loud 85 decibel alarm pattern
- 5 Year Limited Warranty
- Meets applicable standards

Item Order Number:

COAC-910C
Master Case Quantity of 6

TECHNICAL SPECIFICATIONS

Detection Method:	Advanced semiconductor sensing technology
Sensitivity:	Continuous monitoring as per applicable standards
Dimensions:	3"(w) x 5"(h) x 1.7"(d)
Power Supply:	120 volt AC (60 Hz, 7w)
Alarm Sound Level:	85 dB at 10 feet (3 m)
Alarm Duration:	Repeating pattern while hazardous level of CO is present

NORMAL OPERATING CONDITIONS

Temperature Range:	40°F (4.4°C) to 100°F (37.8°C)
Relative Humidity:	30% to 70%

ADDITIONAL PRODUCTS/CO ALARMS

120V AC Plug in *LED Display *LED Display and battery back-up	CO800 CO910 CO920 CO851 (Ultra Series)
9 Volt Battery Portable	CO1100G (Canada only) CO850 (Ultra Series)
120 Volt AC Hardwire *Hardwire with battery back-up /interconnect *Combination Smoke/CO 120 Volt Hardwire/interconnect	CO810 CO842 (Ultra Series) COS2010
