

120 VOLT HARDWIRE

NEW!!
Carbon Monoxide and Smoke Alarm

COS2010

The American Sensors COS2010 is a 120 Volt AC interconnectable carbon monoxide **and** smoke alarm in one unit. This unique model incorporates the most time-proven technology to measure for harmful levels of either carbon monoxide or smoke, and activates a distinct audible and visual alarm in either condition. This unit meets all applicable standards and can be interconnected with all of American Sensors 120 Volt smoke alarms or interconnectable carbon monoxide alarms.

Item Order Number: CSAU-210C (U.S.A.)
CSAC-210C (Canada)
Master Case Quantity of 6

TECHNICAL SPECIFICATIONS

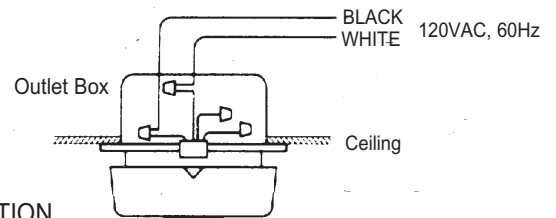

Detection Method: Advanced Semiconductor and ionization sensing technology
Sensitivity: Continuous monitoring as per applicable standards
Dimensions: 5" diameter, 1.7" deep
Power Supply: 120 volt AC (60 Hz, 7w)
Alarm Sound Level: 85 dB at 10 feet (3 m)
Alarm Duration: Repeating Pattern while hazard level of CO or smoke is present

NORMAL OPERATING CONDITIONS

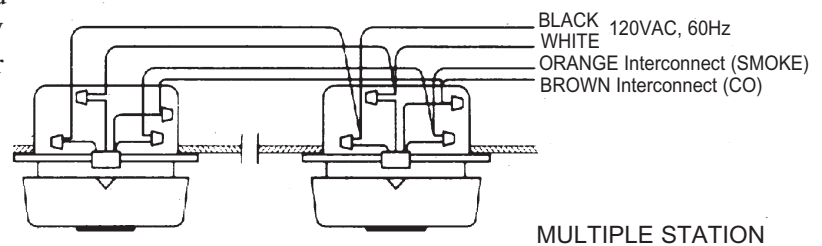

Temperature Range: 40°F (4.4°C) to 100°F (37.8°C)
Relative Humidity: 30% to 70%

FEATURES

- 120 volt Hardwire
- Dual Protection - CO/Smoke
- Distinct audible and visual alarm indicators
- Interconnectable up to 18 units (smoke and combination units combined)
- Alarm source indicator feature
- Alarm-Pause® Silence feature
- Instant test/reset feature
- Tamper Resistant "Lock-it" key mounting hardware included
- 5 Year Limited Warranty
- Meets applicable standards
